ATTENDANCE

Front: Jean Means, Kris Hitchcock, Lucy Fehr, Diane Rishell. Back: Mrs. Shaner, Jo Javens, Eileen Rice, Paula Woodruff, Heather Beese.

These girls work as the 'right hand man' to Mrs. Ogden. Every morning they have assigned rooms to which they must collect attendance sheets, and in the afternoon they help with the filing and run any errands. They also keep order to the attendance room. In general they do jobs which would normally take up much of the secretaries' time.

Seated: John DeMillion, Ed Wehner, Jeff Hoffmeier, Scott McIlvaine. Standing: Tom Downing, John Rumbold, Brian Griner,

The A. V. aides are a group of hardworking students who devote their free time in the morning, lunch, and study halls to serving the multi-media needs of the school. The major service they provide is the distribution of audio visual hardware to classrooms. Other duties range from video taping, to copying cassettes, making transparencies, and laminating and dry mounting things at the request of faculty members.

LEFT: Sophia Kelly, Aphrodite Bavelas, Missy Hunter, Melinda Riffle, Barbara Anderson.

CHESS

LEFT: John D'Andrea, Walter Cotter, Roger Taylor

The Chess Team at East has a great tradition; last year was the only year in which it was not the terror of the Chesmont. However, this does not mean only grandmasters are members. The team is always willing to accept beginners in order to build for the future. This year the competition will be among only three other teams so it looks good for another winning season.

CREATIVE WRITING

Members of this club, seek to improve their writing styles and their works. Usually polished works are published once a year. Mr. Bureau works with these students in bringing out the best qualities in their writings.

LEFT: Becky Olson, Roger Taylor, Wynne Wilking, Chris Morehouse, Martha Harrison.

ECOLOGY-OUTDOORS

The members of this club are students who love the outdoors and outdoor fun. Activities that the club has participated in have been a trip to Chincoteague, a compass-orienting outing, and a winter weekend at a ski resort. The club also plans activities that will help promote conservation. Mr. Flathman and Mr. Weston are the sponsors.

The Forensic Society engages in speaking contests which cover forms of speech ranging from extemporaneous to persuasive. Ms. Irick is the advisor for both groups.

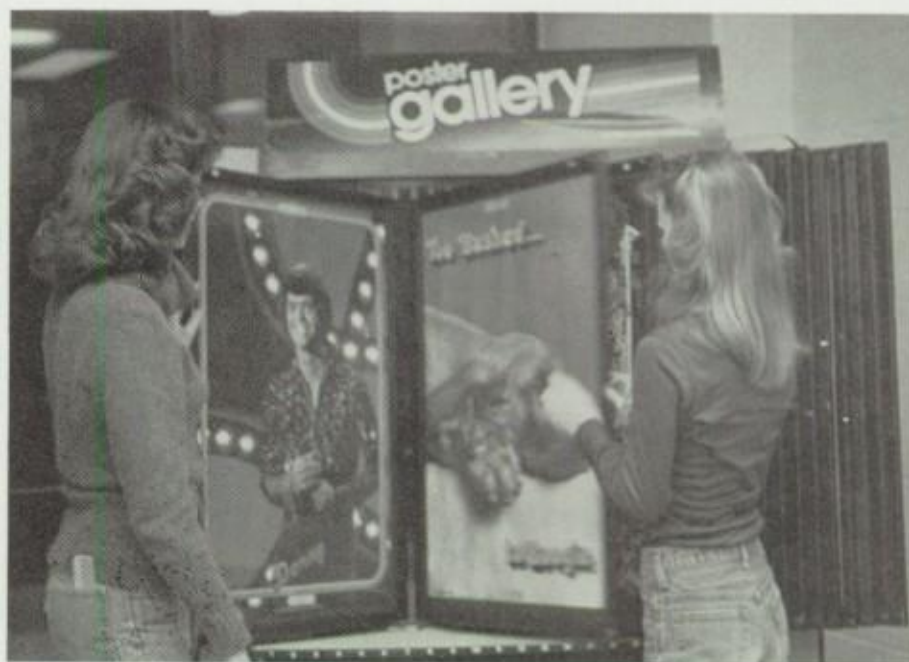

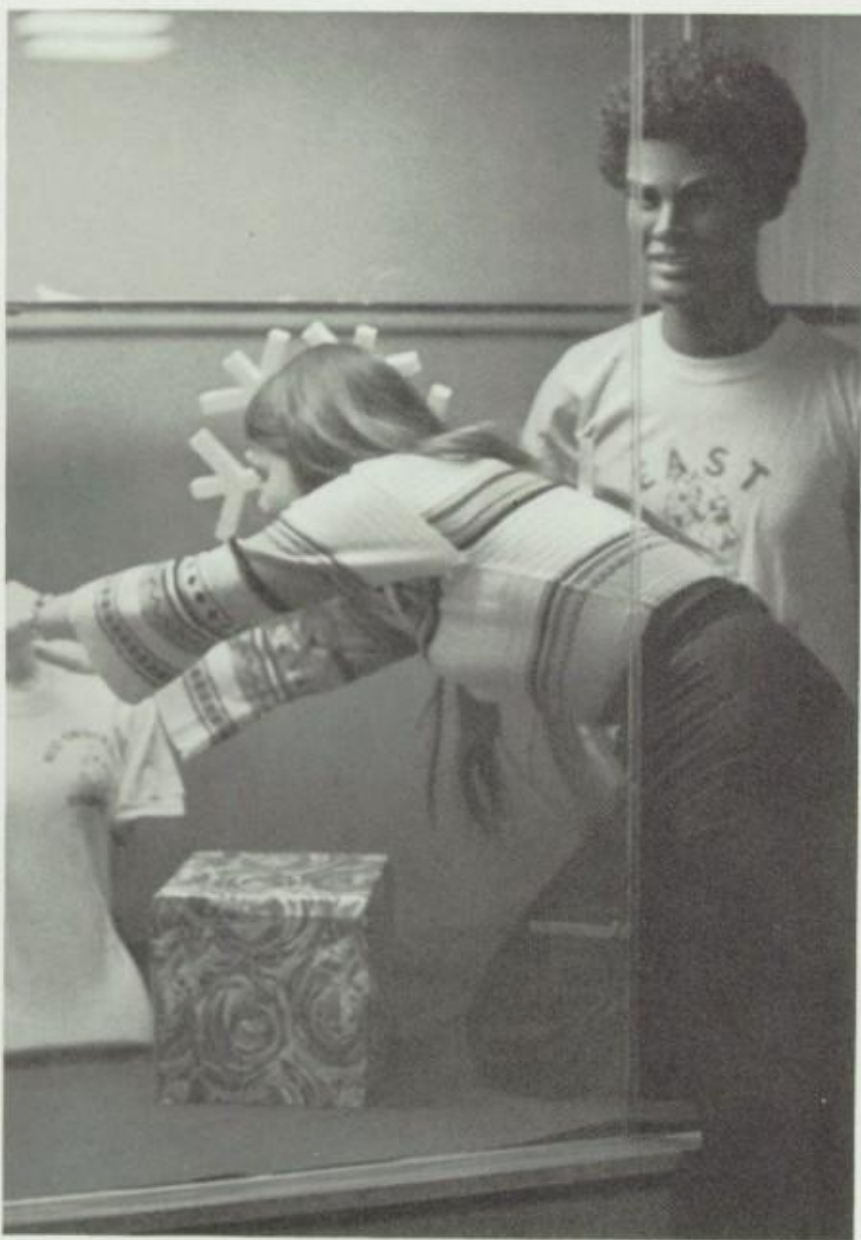

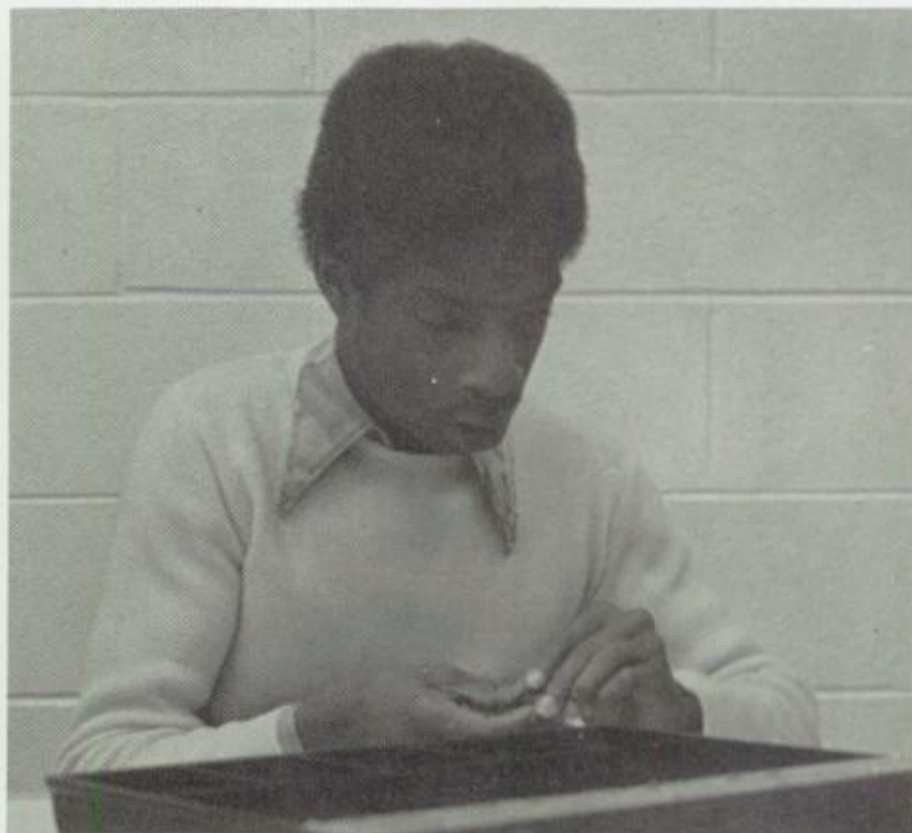

LEFT: Sue Gershenson, Jean Smuzkiewicz, Wynn Wilking.

DECA

DECA means the Distributive Education Clubs of America. Deca members participate in professional, social, civil, and leadership activities at all levels. The students plan many things that will help them with their career goals such as field trips to major malls, fashion shows and many other events. DECA members compete on all levels in competitive events to test their skills in many areas of distribution.

FRENCH

This is an active group concerned with enlightening their newly learned language in many different ways. They have invited a french student from Canada and had a dessert party with him. Some other projects were . . . progressive crêpe dinner, Christmas caroling in french at Chester County Hospital, a french game night, and a fondue party. Mrs. Wagner is the sponsor to these activities.

GUIDANCE

They help the secretaries and the four counselors by alphabetizing things, making appointments, and writing out passes. Sometimes they straighten out the career resource center, run errands, copy things on the xerox machine, put notices in teachers' mailboxes . . . in fact they do almost anything. The counselors say they are crucial to the department.

ROW 1: Chris Maheu, Maureen Jarrett, Jenny Flaig, Jenny Malcolm, Nancy Leitch. ROW 2: Vince Griffin, Pam Walraven, Carol Frierson, Stacy Jones, Don Cantrell.

MATH

The Math Team has reached its full potential at last. For the early years the team was composed of a select group, but now the membership is growing with even greater hope for the future. The team has one match each month against another high school team. However, since there are an odd number of teams in the league, each team has a bye for one month during the competitive season. During that inactive month, the Math team makes up questions for other teams (to be used during competition.) The questions range from simple Geometry to Algebra II and Trigonometry. Our math team holds practice once a week, at which time old questions are reviewed for practice.

Activities in which the NHS members organized and directed are sponsorship of the fall tailgate luncheons which took place before home football games, a reception for alumni members, assemblies for the induction of new members, and social gatherings. PEGASUS

This is the East High newspaper, a publication which is put out periodically throughout the school year. Of the 40 to 50 Pegasus staff members, most are seniors. The paper is one of the three major ways East students have of expressing themselves. All students may submit articles for publication on topics of their choice. At the end of every academic year, the staff works extremely hard to put together a six page senior supplement, featuring all the many accomplishments of the senior class.

SKI

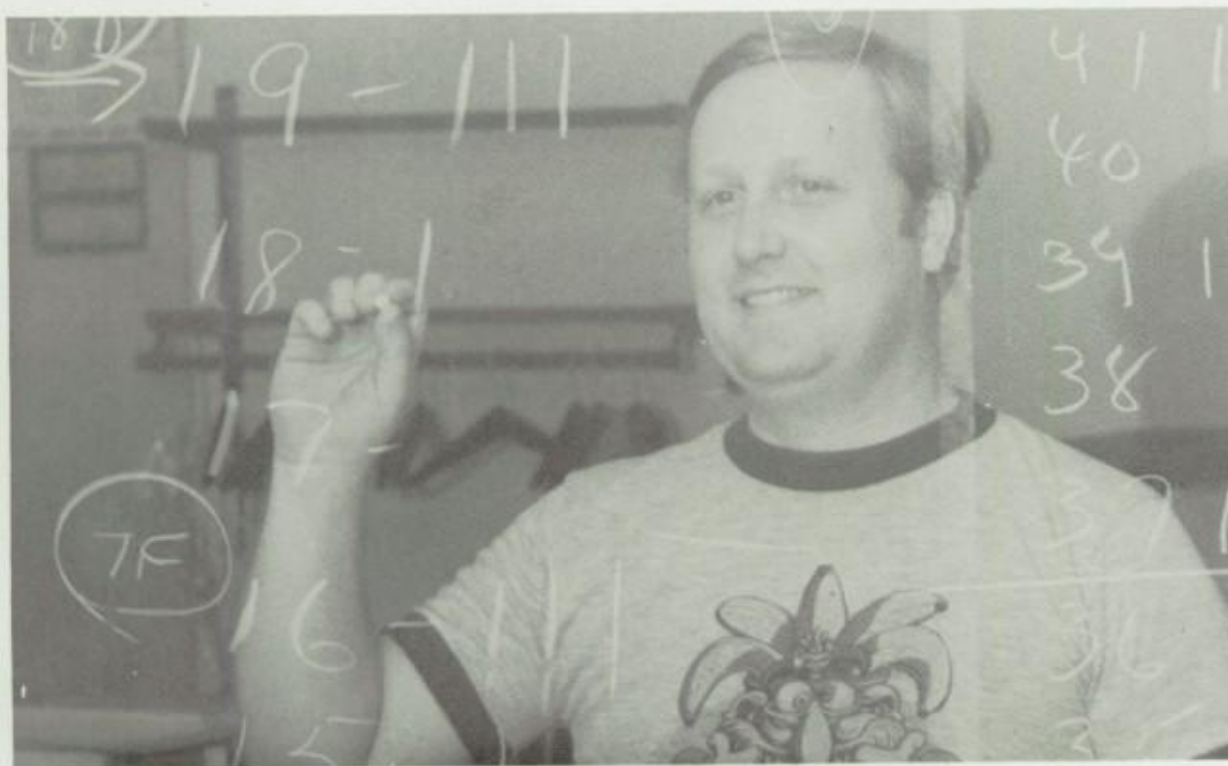

When the snow comes and even when it doesn't, these people storm out to the slopes and ride the hills leaving everything behind them. This group tries meeting with the hills about once a week. They plan many trips, both big and small. Sponsored by Miss Schrieber and Mr. Hyman this has been a very successful club for the past three years.

"???"

The EPS is an organization devoted to the betterment of student life and school spirit at East. The East Prankster's Society conducted overt and subversive activities in such places as the front lobby, the library magazine shelves, the Social studies workroom, and even the main office of Henderson High School. Founded by three brilliant yet dubious students, and advised by one questionable faculty member, the EPS continues to grow in both size and prestige.

STUDENT COUNCIL

Have you bought an apple yet? You have? How about another for later? It's for a good cause! How about signing up to stuff your face with jello, pie, or prunes? Prunes?! Who wants to stuff with prunes? Has Count Dracula, or should we say Count Chappell caught up with you for your blood donation yet?

In all seriousness our Student Council has spent a busy year on various projects. The Apple Sale proceeds benefitted the United Way campaign. Blood donated by our students and staff helped the Red Cross meet their ever increasing demands. Besides these community oriented projects, students got involved in a very hectic "Spirit Week" before the Thanksgiving game with Henderson. Senior homerooms participated in various contests to proclaim their East spirit the day before the game.

The Henderson and East student councils combined to sponsor a Christmas dance. In January the entire staff had the pleasure of being treated to a breakfast. This was a very busy and successful year for the East Student Council.

Meetings, deadlines, cropping pictures, drawing layouts, typing - these are only a few of the many jobs completed by this group. Who is this? How much time do we have? Where's the headline? Have the pictures come in yet? - These are only a few of the many questions asked. With all the hard work and dedication involved in this one book this group of people will be able to put together anything! With all the full attention and guidance of Mrs. Bowers this book will be one to be remembered forever by many.

The highlight of each year, in addition to graduation, comes with the annual Spring prom extravaganza. This year our newly formed freshman class is also starting their own tradition by sponsoring a dinner dance instead of a prom.

There is much preparation in planning a prom. As early as September, committees are forming to begin work on various details. Each class has the responsibility of finding just the right place to hold their formal affair. As well as picking a theme and song, which is often the most difficult task, the committee members must audition and hire a band.

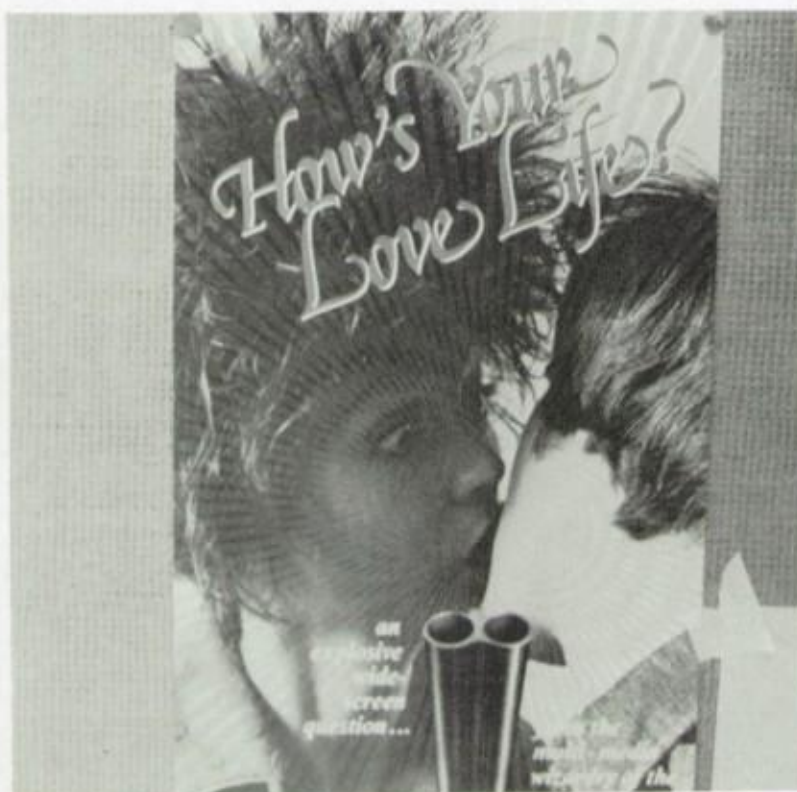

To sponsor their festivities, the classes work throughout the months on several fund raising projects such as car washes, bake sales, candle sales, and dances.

When the big event finally arrives, committee members can only enjoy the satisfaction of a job well done for one night. Shortly afterwards, they know the entire process must begin again.

The Sophomore prom committee had not been formed at the time these photographs were taken, therefore is not shown in the book.

"This Mod system is great!"

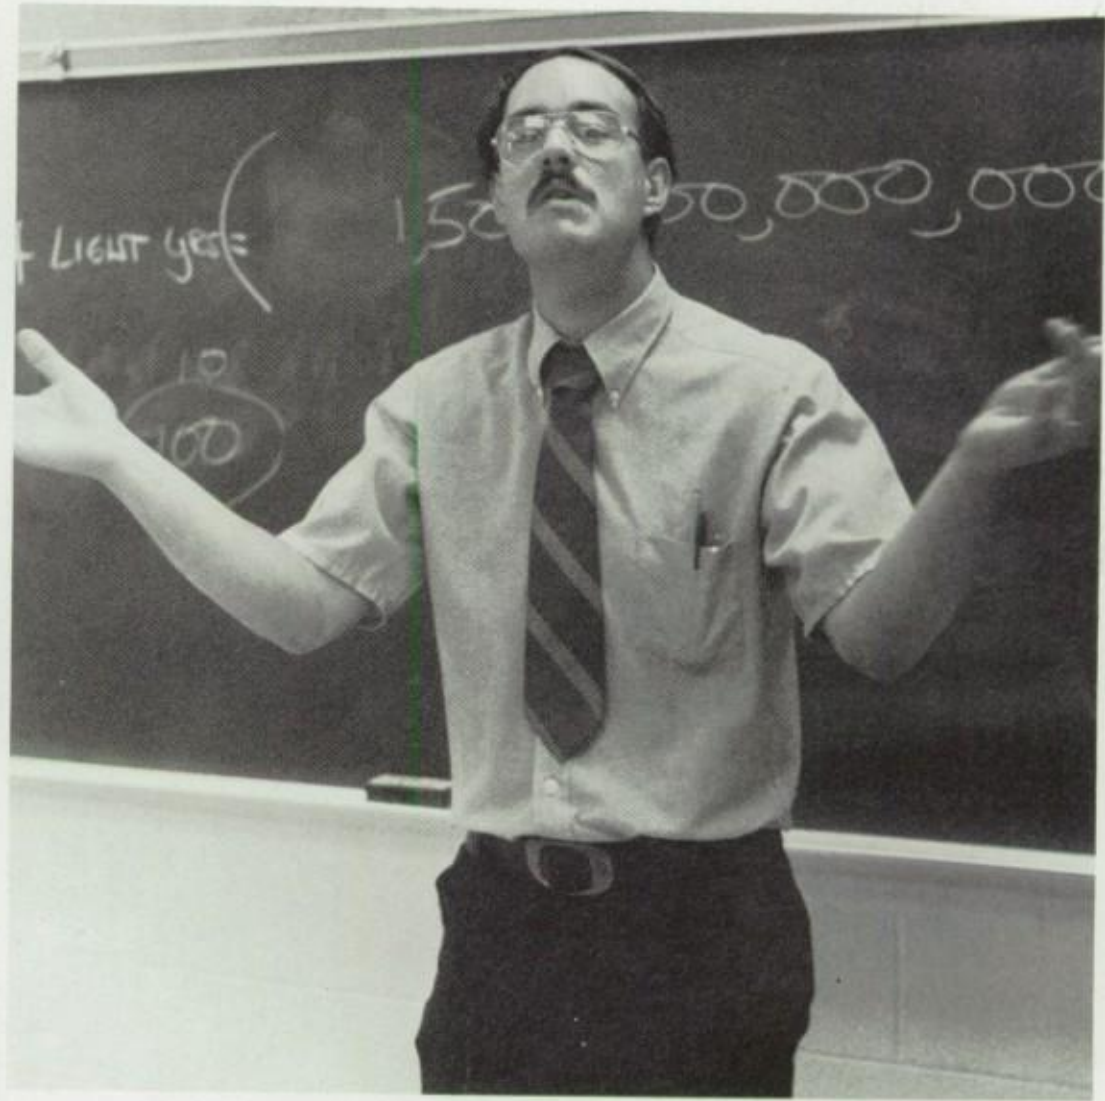

... Not bad. How's yours?

I know they're strict around here, but this is ridiculous!

Where's the ball?

What next? Pantyhose Commercials?

"I have spoken."

"When I said get on the bus ... I didn't mean get ON the bus!"

Is it a bird? Is it a plane? ... NO-
it's VOLLEYBALL!!!

"So you wanna play rough, huh?!"

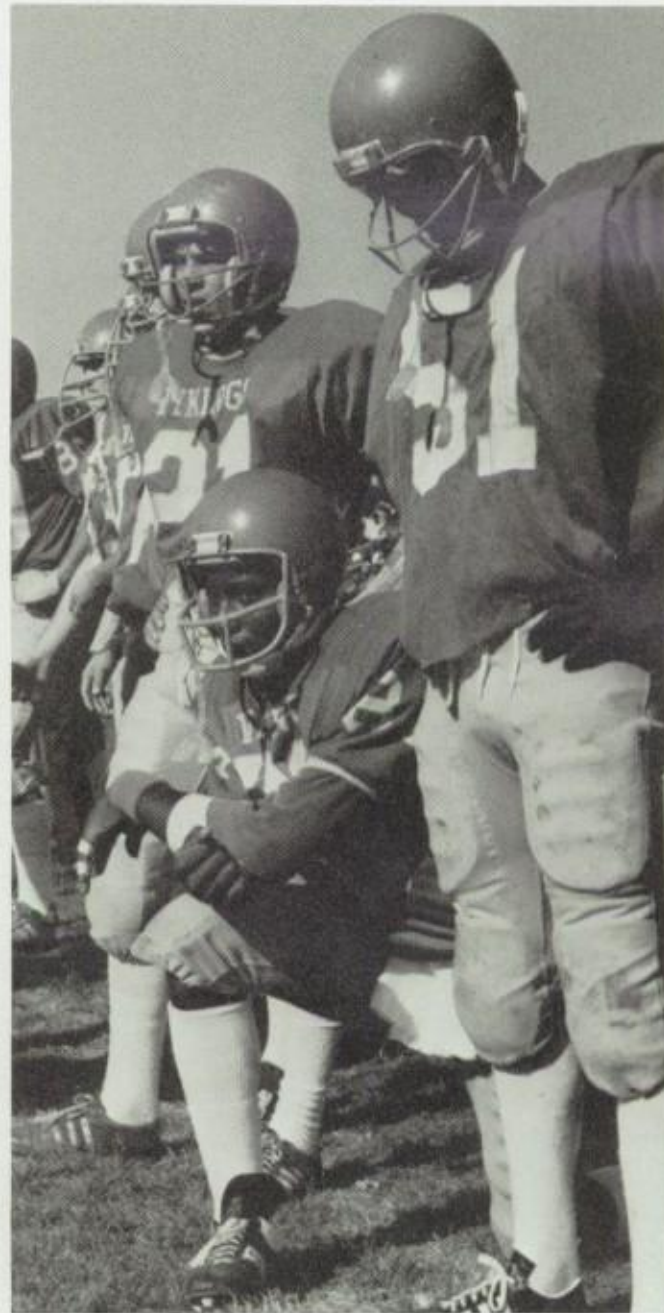

Which one is the real blockhead?

Hail! Hail! the Gang's all here!!!

The party's in here!

"This must not be my day!"

In spite of rain, sleet, snow, and fire (bad moods, upsetting times, and the cooperation of few), this yearbook has managed to come together page by page. However, we would like to take this time to thank everyone who helped make it possible. Our thanks to . . .

. . . The administration for letting us do our own thing, and believe it or not, this IS our own thing.

. . . Faculty members for putting up with all the confusion during our hectic times of picture taking, and our many identifying sessions. Our thanks also to the athletic office for pleasantly supplying us with the many athletic scores needed, no matter how many times we interrupted them to get the information.

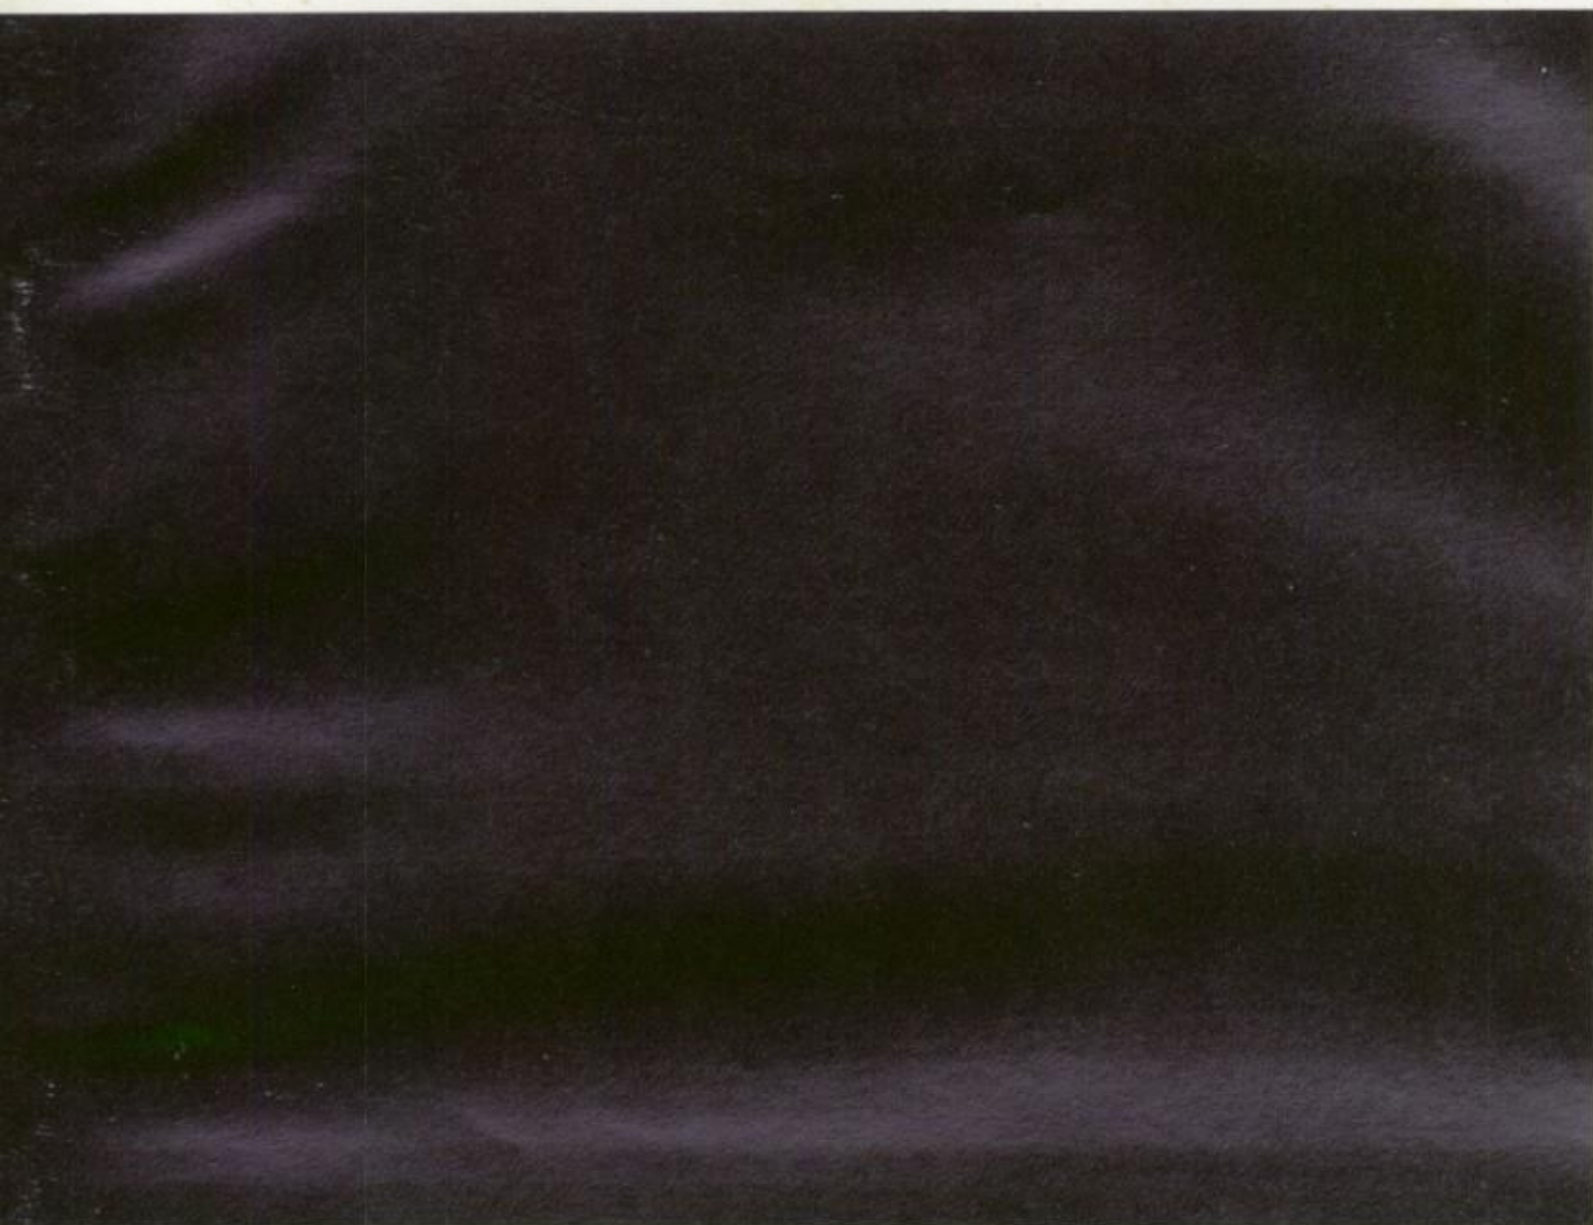

. . . Zamsky Studios for providing us with some great pictures, and cooperating with us under some strange circumstances.

. . . Mrs. Bowers who managed to keep the two of us coordinated since we had few coinciding free mods. And we would like to say we're sorry for the headaches she endured when we became short of time, missed a deadline, or made those LITTLE mistakes (which were ever so rare), and listened to our great ideas.

. . . And last, but not least - we'd like to thank Mr. Tom Williams, our American Publishing Representative who put up with all our little side comments, and pitched in to help whenever necessary (especially on these two pages).

We would also like to be excused for all deleted, misspelled, and inside out names - as well as all upside down, distorted, or otherwise mangled pictures. Small mistakes which were, of course, the company's fault!

Flipping through the pages, one might detect a variety of ideas and style in this book. The constant bickering, the daily bruises, the thrown punches, the slight concussions, and the fractured bones (you might have wondered why we missed so much school!) caused by often opposing views, may possibly stem from our Northern Yankee and Southern Belle roots. Despite the differences and the many hours spent together, we became friends and comrades in our ever ending battle to get this book out, and to get it out on time. Only now are we able to say . . .

... IT WAS
EASY!
